DID YOU KNOW

You get over 600 gallons of high-quality irrigation water for every inch of rain falling on a 1,000-square-foot rooftop. That's enough to fill 11 standard 55-gallon barrels... for every inch of rainfall!

Rain Barrel

Solar panels are a lot like plants. While plants use photosynthesis to convert sunlight into the energy they need to live and grow, solar panels convert sunlight into energy to power your home.
